Remarks:

Most number of jihadi operations equal most number of imprisonments, tortures and killings of civilians by Kabul regime, which is by the way strongly supported by international community, in provinces of Kandahar and Helmand.

Jihadi operations for Februar-October in Kandahar: **737**

Jihadi operations Februar-October in Helmand: **1057**

Quote from spokesman of IEA, Zabihullah Mujahid:

“The murder of prisoners especially in the provinces of Kandahar and Helmand under mysterious conditions. In order to gain false confessions, prisoners are tied to cars and dragged until they are martyred, the burning of prisoners, letting dogs lose on them and other kinds of heinous acts about which we have records and witnesses from Kandahar, Helmand and other provinces and which we are willing to share with anyone if needed. And finally of cases about which no Human Right Organizations or other groups have heard.”

Over the year

Invaders` Airstrikes against civilians decrease.

Invaders` Night Raids against civilians increase.

Invaders` killing of regular civilians (men, women, children, elders) decrease.

Invaders` killing of civilian Imams (religious teachers) increase.

Quote from spokesman of IEA, Zabihullah Mujahid:

“The report of United Nations finds that 34 percent of the torture has taken place in the secret detention centers of Kabul’s intelligence agency. During interrogation the removal of nails, electrical shocks, water boarding, sleep deprivation, threats to life, electric shocks to genitals, stripping and other penalties have become a norm for any prisoner who has been detained no matter the allegation, forcing them to wrongly confess in order to free themselves from the suffering. When such a confession is extracted by the intelligence department, it is proudly displayed to the media by its spokesman as a great achievement which in it self is a shameful act strongly condemned by us.”
